The GFWC Pocono Mountain Women's Club's Conservation committee sponsored a recycling contest for Tobyhanna Elementary School. Students in Kindergarten to 3rd grade were asked to create a poster showing what and how their families recycle, and students in 4th through 6th grade were asked to create a robot, 2 feet tall, made completely out of items their families recycle. The club received 19 poster entries and 20 robot entries. First, second and third place was awarded in each category. Prizes will be presented at the end of April, in honor of Earth Day. The winners will be on display during the Monroe County Conservation Earth Day event on April 23 at NCC Monroe County Campus. Here, club members Andrea Hauck, Terri Wujek, Jackie Wurst, Judy Grace, Ginger Dorneman, and Margaret Driscoll admire some of the robots. Tunkhannock topic is Emergency Responders

by Jeanine Hofbauer

"Crew safety is paramount," emphasized CJ Dickinson announcing that West End Ambulance expected two Lucas units within the next two weeks during the March 9 Tunkhannock Township meeting. Noting the CPR devices are "proven worth it," he reported one will be in each of the two emergency responder's primary vehicles.

Lenny Dever stated Pocono Mountain Regional EMS has started the annual subscription drive, explaining the program signup and donations are accepted online in addition to mailers that have been going out.

Coolbaugh digs into dog park dilemma

by Jeanine Hofbauer

Ready to dig in and aid a Troop 94 Boy Scout working toward his Eagle rank, Coolbaugh Township Supervisors during their April 5 meeting were both appreciative of the efforts made by Jason Gonzales, and uncertain whether the teen would spend much more

time on the tasks need to complete the dog park project.

Finding a way to remedy unauthorized change orders made to the park project by the scout fell on supervisors, with supervisor chair Bill Weimer recognizing "He has put a lot of effort into a very large project."

Supervisor Lynn Kelly described the municipality's offer to provide township crew assistance to securely reinstall fence posts, "in the interest of public safety."

Equipment and manpower to dig holes for cement and pole insertion would come from the township, along with

additional materials donated by the municipality. Weimer went on to note the scout would still need to remove inadequate fencing, mix concrete and perform other duties to complete the project.

"This is an Eagle Scout project," he said responding to a request for clarification.

Calling the proposal, "a generous offer," Troop 94's John Lyman stated, "He's a 17 year-old kid" focused on graduating and moving on in life, but assuring, "He's looking to make it right with Coolbaugh."

Supervisor Alma Ruiz-Smith reminded, "Though

Zoning zen sought in Mount Pocono

by Jeanine Hofbauer

"This is the borough's response to voluminous R1 complaints," explained Mayor Fred Courtright as Mount Pocono Borough Council collaborated over short term zoning clarity during a public hearing held April 4 preceding their regular meeting. Property owners pushing for plain and clear ordinance language provided input, suggesting ordinance adoption wait for further review.

"I am a rule follower to a fault," said Meghan Williamson, a borough property owner with rental units. She noted an issue with ordinance language as presented regarding regulations of "habitable

square footage" as opposed to number of bedrooms, as some of her current properties might not meet the new guidelines, depending on interpretation.

"This is about getting people on the same playing field," Courtright said. Council closed the hearing to revisit the topic in May in order to digest public comments.

Calling his new role as zoning officer, "Not a popularity position," Jim Borger vowed to operate "under the black and white of the law." His career spans over 17 years.

Available Mondays through Wednesdays, he encourages questions over violations of the municipality property

maintenance code. Violations include branches over sidewalks, grass over six inches high and more.

Resident Tom Neville suggested "Let the people know the law," emphasizing educating residents on ordinances. Borger responded with an invitation to attend planning commission meetings, as well as visit borough offices for indexes to clear up uncertainties as they arise.

Bills totaling \$1,085,666.77 were approved as follows: General Fund \$155,497.59; Penn Security General Fund \$20,692.71; Capital Reserve \$48,805.46; Banner Beau-

tification \$2,420.72; State Liquid Fuels \$100,139.16; Park & Recreation Fund \$4,842.95; Planning Commission Reimbursement Fund \$52,775.88; Road Fund \$127.46; Stormwater Fund \$132,663.71; General Reserve Fund \$41,701.02; Sanitation Fund \$28,444.51; Route 940 Corridor Fund \$53,675.00; Five Point Intersection Fund \$443,880.60.

Present were council members Karl Davis, Keith Transue, Jeff Woehrl, Francis O'Boyle, Claudette Williams, Donna Casole and Mike Oser; solicitor James Fareri, Mayor Courtright, secretary Lori Noonan, zoning officer Borger and approximately 30 citizens.

Mount Pocono's next meeting is set for 7 p.m. Monday, May 2 at Municipal Offices on Route 611.

Thank you for your support on
primary election day,
Tuesday, April 26.

I look forward to continuing

This sale will be held in accordance with the provisions of the Act of 1947, P.L. 1368, No. 542 and its amendments, known as the Real Estate Tax Sale Law.

The purpose of said sale is to dispose of such properties against which delinquent taxes remain unpaid, the claims having become absolute, and the legal period of redemption having expired. The Bureau will sell the property as described on the dockets in the Tax Claim Bureau and makes no representation or warranty as to the description or as to the marketability of title, nor will it make any survey on the property sold. The terms of said sale shall be as provided by law, and as follows:

The cost of these items will be computed after the property has been sold. The bid price, transfer taxes, 2% sale expense and the recording fee must all be paid at the same time, either by money order, cashier's check or certified check drawn to the order of the Monroe County Tax Claim

Bureau. The distribution of monies after deducting all costs received from the sale will be made in accordance with said Act.

Biggest Winner Challenge Graduation Ceremony

Pocono Medical Center held its Biggest Winner Challenge's 3rd Annual Graduation Ceremony for this year's participants on April 5 in the Serenity Conference Room of the Dale and Frances Hughes Cancer Center.

The Biggest Winner Challenge is a 6-month drug and supplement-free healthy lifestyle program aimed towards helping participants lose weight and take initiative of their health through motivational and education talks given by expert dietitians, nutritionists, and physicians and providers of Pocono Medical

Center. The program's founder, champion and health guru, Dr. Musa Tangoren, alongside other dedicated Pocono Medical Center staff and professionals, directs and coaches the participants throughout their entire 6-month journey toward healthier, happier lifestyles.

While Dr. Tangoren is primarily a Board-Certified Anesthesiologist of Pocono Medical Center by profession, that does not dilute his effort, passion, and dedication toward nurturing and educating the community on the importance of embracing one's

health. This year's installment had over 370 participants comprised of a team competition of 36 teams and the program's first-ever teen challenge specifically created for teens ages 12-19. This new extension to the program allowed 12 teens to embark on the challenge, "I wanted teens to become involved because there is a growing concern about the increasing incidence of obesity and diabetes in this population — and the best way to a lifetime of health is by developing healthy habits early in life," said Dr. Tangoren.

From the start of this year's installment back in October 2015, the initial, combined weight of the 371 participants tipped the scales at 67,640 pounds. With bi-weekly weigh-ins, exercise sessions, nutritional tips from dietitians and nutritionists, and motivational speeches, 62 of the participants lost over five percent of their body weight, 17 of the participants lost over ten percent of their body weight, and the teen group lost over 40 pounds. The combined efforts of all participants in this year's challenge totaled in an astounding loss of

2,133 pounds.

The Biggest Winner Challenge is part of Pocono Medical Center's Healthy Living Program, which aims to motivate and inspire people to make positive changes through health and wellness education, awareness, and outreach. As the attendance grows each year, the results grow along with it. The 2,133 pounds lost through this year's challenge contributes to a combined total of over 6,000 pounds lost since The Biggest Winner Challenge's inception back in April of 2014.

Attending Congress of Future Medical Leaders

Kimberly Alejo, a sophomore at Pocono Mountain West High School, Long Pond, has been named a delegate to the Congress of Future Medical Leaders. It will take place in Lowell, Massachusetts from June 25 to 27.

The event is held by the National Academy of Future Physicians and Medical Scientists. Alejo was selected to attend based on "academic achievement, leadership potential and determination to serve humanity in the field of medicine."

Stroudsburg.

In keeping with its mission to provide and promote access to the essential health care services and comprehensive education people need to live health lives and build strong communities, Planned Parenthood Keystone will facilitate an education program that will incorporate information for the entire family. Our senior director of education, who has facilitated workshops at national conferences and is a leadership team member of the statewide Pennsylvania Partnership for Healthy Youth, will brilliantly engage the audience and leave them with enough knowledge to take back to their respective agencies and communities.

Educating and sharing the information on getting tested and healthy behavior can begin to stem the increased number of sexually transmitted diseases. Last year, the Centers for Disease Control and Prevention announced an increase in cases of Chlamydia, gonorrhea, and syphilis. One in two sexually active people in the U.S. will get an STD at some point, and most won't know it because many STDs have no symptoms.

"Getting tested for STDs is a basic and important component of staying healthy and taking care of your body," said Leslie K. Brown, interim president/CEO of Planned Parenthood Keystone. "We are proud to be part of the GYT effort in Monroe County."

The prevention of STDs is a core part of Planned Parenthood's health services and education efforts nationally. In 2015, Planned Parenthood Keystone reached more than 10,000 men, women and young people through its education programs. Nationwide, more than 1.5 million people were reached. In 2015, Planned Parenthood Keystone provided more than 52,000 tests and treatment for sexually transmitted diseases — 2900 in Stroudsburg; while nationwide, more than 4.2 million tests and treatments were provided.

Nearly 20 million new infections occur each year, and half are among the nation's youth. Almost all STDs, including HIV, are treatable and many are curable. The sooner your status is known, the sooner you can begin treatment. "The cost of untreated STDs like Chlamydia and gonorrhea is often infertility. We are grateful to be able to offer free

STD testing vouchers to those attending the workshop on April 21. Our goal is to provide this healthy approach to residents in Monroe County," concluded Brown.

Planned Parenthood Keystone operates a medical center at 28 North Seventh Street in

Stroudsburg.

The Healthy Stroudsburg event is on April 21 at the CLU Social Club — 265 S. Courtland Street, East Stroudsburg from 5:30 to 7:30 p.m. For more information on attending, please contact 484-929-3306.

Swiftwater Preserve offer free guided scenic hike

Swiftwater Forest Preserve is a 98-acre oasis of preserved woodland in Paradise Township. On April 24 from 10-11:30 a.m., a free guided hike will explore the preserve, which is open to the public for hiking, mountain biking, birding, photography, cross-country skiing, and picnicking. This hike is part of the Get Outdoors Poconos series.

A steep old woods road runs through a mixed hardwood forest, passing the remains of a backwoods cabin and beautiful old dry-laid stone walls. A bend in the trail opens onto a surprising natural bonus — a miniature pine barren, complete with pitch pines, scrub oaks, and rocky outcroppings.

The trail, which is still being laid out and has yet to be blazed, continues uphill and down, making a loop (flagged with surveyor's tape) through pines and hemlocks and other familiar habitats of the Poconos, including two creeks, Forest Hills Run to the north and Swiftwater Creek to the south. Both streams join Paradise Creek a short distance downstream, to help form the beautiful Paradise Valley and feed Brodhead Creek and drinking water supplies downstream.

This moderate, family-friendly, 90-minute walk of about 2.5 miles will explore Swiftwater Forest Preserve. It will be led by Carol Hillestad.

Meet at the cul-de-sac on Donaldson Road, off Lower Swiftwater Road, Paradise Township, PA. GPS coordinates: 41-06.144N, 75-17.625W

This program is free, but registration is required. Call 570-839-1120 or 570-629-2727; email info@brodheadwatershed.org.

For information about this and other hikes in the free Get Outdoors Poconos series, go to brodheadwatershed.org/gopoconos. The series is administered by Brodhead Watershed Association and part of the Delaware River Watershed Initiative, supported by a grant from the William Penn Foundation.

EE center coordinator receives Keystone Award

Monroe County Conservation District's Environmental Education Coordinator, Roger L. Spotts, received a Keystone Award. On March 15 at the PAEE Conference at The Inn at Pocono Manor, Spotts was recognized by the Pennsylvania Association of Environmental Educators, where he received their most prestigious award.

Roger has been the Keystone of the Monroe County Conservation Districts EE Center. For over 30 years, Roger has guided the Center's environmental education programs. He has worked with the Administration and Staff of all four School Districts in Monroe County to establish an Environmental Education component that dovetails into each school district's science curriculum. This laid the foundation for hundreds of thousands of students in the Poconos to learn about their own environment, the flora and fauna that they share it with, and their daily interaction with it.

Roger was instrumental in developing an environmental education program (nationally rec-

ognized in 1993) that has been a template for Conservation Districts throughout the state, and maintaining it through fluctuations in the economy, school district administrations, and statewide educational requirements. He has been a driving force in promoting environmental educa-

tion throughout Monroe County. His dedication and commitment to environmental education has never wavered in his 30 years as the EE Coordinator. As a result, the Conservation District remains steadfast in its dedication to fostering community awareness through first-hand experience of the natural environment of the Poconos.

Roger has always held an amazing work ethic which instills fairness and the utmost respect in his coworkers and other professionals. He maintains his passion for educating people of all ages, which inspires, motivates, and energizes those who interact with him no matter the context. He has been the bridge that has connected countless organizations, staff, and the community during his tenure with the Con-

servation District. There is no doubt that Monroe County and the state of Pennsylvania have benefited in countless ways from this amazing person.

Roger has served on a multitude of boards throughout his professional career: Pennsylvania Association of Environmental Educators Board Member 1986 – 1990 (President 1989); Bog Committee President/Chairperson/Member 1984 – Present; East Stroudsburg University's Recreation Services Management Advisory Council 1995 – 2010; Pike County Scenic Rural Character Preservation Program Board Member 2010 – 2012 and Vice – President 2013 – Present.

For more information, please call the Center at 570-629-3061, Monday - Friday from 8 a.m. to 4:30 p.m.

Seth's Sightings by Seth Isenberg

The highlight of our week was when we crossed paths with the North American Rail Speeder tour group as they made a stop on railroad tracks in downtown White Haven. There were about 50 "speeders" owned by hobbyists. The group included people from Canada, and all over the U.S. as far west as Seattle. We interviewed people from Rhode Island, New Jersey and Michigan as they en-

joyed their stopover. Some of the group had gathered in Antonio's Pizza restaurant to enjoy lunch. Others we interviewed at their speeders as the rail caravan waited to get back underway. The trip had started in Jim Thorpe and was headed for Tunkhannock on Saturday, while big wet flakes of snow fell. We wished them all a good trip and better weather for their return on Sunday.

Friday and Sunday this week, we cheered the WBS Penguins at the Mohegan Sun Arena — but they lost both games. Lately, our locals have been losing at home. With the final regular season home game coming up this Saturday versus the Providence Bruins — our likely playoff opponent, here's hoping for a better. We did win on the road versus Hershey on Saturday, hearing that game

on the radio. Winning at least two of the three final games (two on the road) would put us in the right place for the first round of our pursuit of the Calder Cup.

Saturday's plan was to drive to New Jersey and pay a visit, but it was snowing all day long. It certainly was beautiful as we made our way to various newspaper stops. The trees picked up a light coating of snow, as did everything but parking lots and roadways. We chose to wait on the visit until this weekend — the weather is forecast to be gorgeous.

Chess got a bit more exercise this week. Even with the snow, we enjoyed a short walk on Saturday. With Sunday's warmer, dry weather we had time to explore, choosing to go off of the rail

trail that crosses the Lehigh Gorge Drive in Foster Township south of White Haven. We were able to angle down to the large stream that parallels the old rail bed, so we enjoyed the beauty and the quiet of a seldom-trod area. The bonus was that Chess could also step into the water when she felt like it, and she did everything from a dainty dip to a near full immersion while we discovered the gamelands boundary line, and that somebody had erected either bird or bat boxes up in the trees. It's too early to see bird/bat activity, so we're planning to return in late May to discover what resides in these homes.

As we begin to come back to normal spring weather, I can see our forsythia hung in through the deep cold nights. There are still some healthy yellow flowers here and there — a surprise. Even our daffodils still look good. The only casualty has been the flowers on the magnolia tree in White Haven, now all brown. Some sustained warm weather through this week may prompt the lilacs — I am seeing the beginnings of a healthy bloom on the sheltered bush in our front yard.

The weekend of April 23 & 24 will be a big deal, with the coming of the Carbon Expo to the show space at Split Rock in nearby Lake Harmony. Nearly 70 booths of exhibits, plus celebrity antique appraiser Dr. Lori, will make a visit well worth your time.

Also coming up is Primary Election day, Tuesday the 26th. We all have a chance to vote for candidates for PA Attorney General, US Senate, PA legislators, and of course, candidates for President. This is one of the rare times the Pennsylvania presidential primary will have national meaning. I am eager for the choices and interested in all the races.

Seth's Sightings is published weekly in *The Journal-Herald* and in every issue of *The Journal of Penn Kidder*.

Tannersville Weekly Bog Walks set

Wednesdays through June 8, Monroe County Conservation District's Kettle Creek Environmental Education Center will be offering weekly walks through the Tannersville Bog at 1 p.m. These 2 ½ hour walks will be guided by an Environmental Educator from the Center who will teach you about the Bog, which is a very unique boreal bog for this area, owned by the Nature Conservancy. The Bog is filled with bird songs and the bloom of early spring wildflowers, including leather-leaf, and marsh marigolds.

Participants will meet at the Bog parking lot by 1 p.m. Directions: Route 611, at the light at the Tannersville Inn turn onto Cherry Lane Road. The parking lot is

1.9 miles on your right from Route 611.

Cost: \$6/non-member, \$4/EE and Nature Conservancy members and children under 12. Please wear appropriate footwear for walking in the woods and through fields. Pre-registration is required.

To pre-register, please call the E. E. Center at 570-629-3061, Monday through Friday from 8 a.m. to 4:30 p.m. and most Saturdays from 9 a.m. to 1 p.m. For more information, visit www.mcconservation.org.

2016 Primary Election Voter's Guide • League of Women Voters of Pennsylvania • League of Women Voters of Monroe County

Nonpartisan Voter's Guide© Copyright 2016 LWVPA -- Citizen Education Fund, LWV Monroe County

ELECTION INFORMATION

Pennsylvania holds elections twice yearly: the Primary Elections in spring and the General Elections in the fall. Primary elections are closed elections, meaning you must be a member of a party (e.g., Democratic or Republican) to vote for that party's candidates. Also, you must be registered to vote at least 30 days prior to the election -- for this election, the deadline to register was March 28. If you are not sure about your status, contact your County Board of Elections: Monroe (570) 517-3165, Pike (570) 296-3426. The League of Women Voters of Pennsylvania Citizen Information Center also provides election information. CALL TOLL FREE: 1-800-692-7281. In addition, information may be obtained at www.VotesPa.com and via www.vote411.org.

ABOUT THIS GUIDE

The material in this Guide was compiled by the League of Women Voters of Pennsylvania-Citizen Education Fund and by the Monroe County Chapter of the League of Women Voters. Candidates as identified on the ballot layout for the office of president and convention delegates are listed in this Voter's Guide. Candidates for other offices were given an opportunity to submit biographical information and to answer a question presented by the League to assist voters in learning more about the candidates. Some of the same questions and the responses received may be repeated for the primary and the general election. This material may not be altered or reprinted without the permission of the League. Each candidate's reply has been printed as submitted, except to use standard abbreviations and by editing from the end when a candidate's reply far exceeded the word limit -- this is denoted by // appearing in the text. The candidates listed are those whose names appear in the ballot layout as of March 28, 2016. Additional information about candidates and voter information including "Polling Place Lookup" can be found by going to www.smartvoter.org and typing in your address and zip code. Local polling places are also printed elsewhere in this Voter's Guide.

Voters should note for this year's election that the Secretary of the Commonwealth submitted proposed changes to two amendments to the Pennsylvania Constitution. These changes were constructed and voted on by the General Assembly. The text of the questions as it will appear on the ballot for the electorate is printed elsewhere in this Voter's Guide.

ONLINE VOTER'S GUIDE

The Voter's Guide and other useful information for voters can be found on the League of Women Voters of Pennsylvania Homepage www.palwv.org and the Monroe County chapter website www.lwvmonroecountypa.com. Election results will be published in the Pocono Record (www.pocorecord.com), the Journal of the Pocono Plateau and other media including Vote411, an online Voter's Guide.

CERTIFICATION NOTE

The slate of candidates listed below is accurate based upon the Pennsylvania Department of State's Bureau of Elections unofficial ballot as of March 28, 2016. Candidates pending adjudication for election challenges at the time this document is presented to the publisher will be included in this Voter's Guide.

For information on the League of Women Voters of Monroe County, call William Hill, President (718) 208-3483. Questions regarding the Voter's Guide should be addressed to Carmen Brodnax, Voter's Guide Editor, 570-646-0642.

President of the United States

(Vote for One)

Term: 4 Years. Two-term Limit

Duties: The president is the head of state of the United States of America and is the chief executive officer and commander in chief of all the country's military forces. The powers of the president are described in the Constitution of the US and in federal law. The president appoints members of the Cabinet, ambassadors to other nations and the United Nations, Supreme Court Justices and federal judges, subject to Senate approval. The president, along with the Cabinet and its agencies is responsible for carrying out and enforcing the laws of the United States. The president may also recommend legislation to the U.S.Congress.

How Elected: Every four years, political parties nominate candidates to run for the office of president in a general election held on the first Tuesday in November in years divisible by four. Although all parties use conventions to nominate their candidates, in most states the Democratic and Republican parties also run state-wide primary elections. Primary results influence how the delegates in their respective party's convention will cast ballots for candidates for president. The degree to which the results of primary elections influence delegates' votes at conventions varies.

Note: Candidates make public declarations accepting their party's nomination to run for the office of president. If they choose to accept matching public funds to supplement their campaigns, they must meet the President Election Campaign Fund Act's minimum contribution threshold requirements based on the most recent data publicly available on the FEC website.

Senators must be at least 30 years of age, be a citizen of the U.S. for nine years, and when elected, be a resident of the state that he/she will represent. The term of office is six years and approximately one-third of the total Senate is elected every two years. The Senate has several exclusive powers not granted to the House including consenting to treaties, a precondition to their ratification. The Senate is mandated to advise and consent on presidential appointments of Cabinet secretaries, judicial nominees, ambassadors, federal office executives, high-level military appointments and the trial of federal officials impeached by the House.

Answer to question: Fair trade, go back to the Tariff Act of 1789 (the 1st Act passed by new Congress of the United States) A tariff on all 3rd world countries so American labor could be competitive (not compete with workers making under a dollar an hour or working for food). Free trade destroyed America If we don't enact a fair trade program, we will perish and the Tariff Act of 1789, tax revenue to state paying off the national debt!

Answer to Question: The biggest deficit in our nation is not the debt, it's the trust deficit. True leadership that bridges divisions begins with the people you've elected to serve. In Congress, I was named the most productive member of my class and serviced 18,000 constituent cases; four times the average office. I will continue my dedication to bipartisan leadership once elected by placing people above politics, above party, and above type -- as all leaders should.

QUALIFICATIONS: Former Chair of the Council on Environmental Quality to President Clinton; former Secretary of Environmental Protection to Governor Rendell; former Chief of Staff to Governor Wolf; Recipient of multiple awards and recognitions for lifetime work in clean energy and environmental protection.

Answer to question: Pennsylvania's next Senator must be able to rise above partisanship to lead. As President Clinton's advisor, I built partnerships with Republicans to strengthen laws keeping our water safe and our air clean. I carried that approach to Pennsylvania's Department of Environmental Protection where we directed investments to clean energy development and enacted tougher standards on toxic emissions. I will bring that experience to achieving results regardless of politics to the Senate to fight for Pennsylvanians.

Answer to question: Reform campaign financing by limiting the amount a single donor can contribute -- give the power of the vote back to the people. Increase legislators' terms from two to four years to allow them to concentrate on their jobs, not reelection. End gerrymandering and reduce the size of the legislature, not only saving taxpayer money, but also causing legislators to represent a larger population with differing opinions. This will motivate them to compromise, reducing government gridlock.

Kyle Heim, 34, of Kunkletown, fled PA State Police — Fern Ridge troopers who tried to make a traffic stop on the stolen black Ford 150 crew cab pickup that he was driving at 4:20 p.m. on 4-3. He drove off and a pursuit began, which included crashing into a police cruiser before pursuit was ended. Since then, Heim committed multiple armed robberies and thefts throughout Carbon and Monroe Counties. He was seen driving the truck in Penn Forest Township, so on 4-11, a search was started for Heim by a combined force including PSP-F, Lehighton and Swiftwater troopers. About 2:30 p.m., Heim was located on Sycamore

Circle in Indian Mountain Lake, Penn Forest Twp. and arrested by troopers from PSP-Lehighton. Heim will face charges of aggravated assault on a police officer, vehicle theft, reckless endangering, armed robbery, and much more.

At about 3:33 p.m. on 4-4, PSP-F sent a trooper to a Toll Road, Effort area home to sort out a domestic dispute between spouses, women ages 24 and 25. The couple was arguing before it became physical. Both sustained minor injuries. Each of them is cited for harassment (with contact), and will face District Judge Colleen Mancuso in Brodheadsville for a hearing.

Also 4-4, Pocono Township Police responded to a report of a domestic dispute at a home on Image Drive in Tannersville, arriving at about 4:30 p.m. Police entered the home to investigate and saw signs of drug activity in and around the home. They requested a search warrant at this time. That obtained, PTP served the warrant and began in investigation inside. Officers located 771 little wax "bags" of suspected heroin, a little bag likely containing cocaine, and 3 bags small bags of probable pot. David Haywood was arrested on the domestic incident, facing charges of simple assault, harassment and terroristic threats. He also

faces drug dealing (possession with intent to deliver) and related charges.

Also on April 4, State Police Commissioner Tyree C. Blocker announced promotions of 13 PSP officers. Among them is David E. Relph of Greentown, Pike County, who is promoted to major and assigned to be the director of the Bureau of Criminal Investigation. He had served as the director of the Special Investigations Division within that bureau.

Major Relph enlisted in the PSP in 1985. Upon graduation from the academy, he was assigned to Troop N, Lehighton, and as he progressed, he served in Troops R, P, S and M

and the Bureau of Criminal Investigation. He was promoted to corporal in 1992, sergeant in 1993, lieutenant in 2008 and captain in 2011.

PSP-Troop N-Hazleton announced that April is National Distracted Driving Awareness Month. In support of the "U Drive. U Text. U Pay" campaign, PSP will be on the lookout for distracted drivers throughout the month. In 2014, an estimated 10% of all crash fatalities and 18% of all crash injuries involved distracted drivers (source US DOT/NHTSA). "It's not that complicated: If you text and drive, we will see you, pull you over, and fine you."

Interstate 80 — ending up in the trees (but was unhurt).

There were surprisingly moderate injuries to two drivers when a 62 y/o Blakeslee-area man tried to pass another car in his '99 Jeep at 6:20 a.m. on 4-4 while southbound on Route 115 in Tunkhannock Twp., but ended up running head-on into an oncoming Nissan sedan driven by a 39 y/o Effort man. The crash sent both to the hospital, and closed Route 115 in both directions for about two hours.

During a heavy rainstorm at just before 9 p.m. on 4-7, a 23 y/o Succasunna NJ driver lost control of his '03 Dodge Neon on a curve on Cay's Road in Jackson Twp., and put the passenger side of his car into a tree. He was taken by ambulance to Pocono Medical Center for treatment of minor injuries. The road was closed for about 45 minutes. Jackson Twp. Fire Co. and Fire Police responded to assist PSP for the scene. The driver will receive several tickets for this crash.

PMRPD is investigating the cause of a crash by a 24 y/o Coolbaugh Twp. man who was speeding his Ford Mustang southbound along Route 196 at 11 a.m. on 4-8 when he lost control and the car went off the right side the road. It became airborne and came down in the 196 Auto Mall lot, crashing into six cars for sale there. The driver was extracted by the Coolbaugh Twp. Volunteer Fire Co. and with

PMR EMS's help, taken to a helicopter landing site to be flown to LVMC's trauma unit for care.

On 4-10 just before 8 p.m., a 20 y/o Saylorsburg woman dropped her water bottle under her feet and it rolled under the brake pedal. As she reached for it, she veered her '01 Chevy Malibu right off Kennel Road east of Brodheadsville, and down a small embankment. She was able to steer the car back to the road, but clipped the pavement and that caused the car to roll fully over before it came to rest on the roadway. She had her lap and seat belts on, but was hurt. She was taken by ambulance to Pocono Medical Center by West End EMS. She did not receive a ticket, but did get a warning.

The Pocono Plateau is

NOT HIGH Enough for some

PSP-F arrested a 22 y/o Brentwood, NY man who was seen driving his vehicle unsafely along Route 903 in Kidder Twp. near the Penn-Kidder schools by a PSP-F trooper at 12:22 a.m. on 3-25. A traffic stop was made, and troopers found the driver to be under the influence of alcohol. He was arrested and taken to PSP-F's barracks for a breath test. DUI and associated charges are filed at District Judge Joe Homanko's office in Weatherly.

Earlier that day, PSP-F arrested a 30 y/o New York City man for speeding along Interstate 80 in Tobyhanna Twp. The traffic

stop found the driver under the influence of "a controlled substance" — and also had some personal pot and paraphernalia in the car. Charges of DUI and more are filed.

Stealin'

On 4-9 at 11 a.m., PMRPD arrested a 30 y/o bartender at the Kalahari Resort in Pocono Summit who was seen placing cash payments for bar tabs into his pocket, while not ringing up the sales into the bar's computer/register. He was arraigned before the on-duty Magistrate, who set bail at \$500. A preliminary hearing is set before District Judge Richard Claypool in Pocono Pines.

Two 20-30 y/o men are suspects in the use of a counter-

feit debit card that was used to make an ATM withdrawal from the Stroud Mall on 3-14 of \$402.50, and then four more charges the next evening at the Lehigh Valley Walmart of just over \$100 — all within 5 minutes. A 45 y/o Albrightsville man is the victim. PSP-F has surveillance photos of the suspects. Anyone with information is asked to contact PSP-F at 570 646-2271.

PSP is investigating a situation where a 28 y/o granddaughter signed her Sierra View, Effort, based grandmother's name as a co-signer of her student loan. The girl then defaulted, and now the victim is being held responsible for a loan she did not sign for, 3-22.
